

ANNAI THERASA ARTS AND SCIENCE COLLEGE, MANGALAM
DEPARTMENT OF CHEMISTRY
RESEARCH AND DEVELOPMENT COMMITTEE
SEMINAR ON “REVIEW OF LITERATURE”
PROGRAMME REPORT

Date: 10/02/2026

Venue: Room No-NF5

Objective:

The objective of the seminar was to create awareness about the importance of literature review in research, to familiarize students with various sources of literature, to develop skills for critically analysing and organizing research articles and to guide researchers in preparing a systematic and plagiarism-free literature review.

Research and Development Committee in association with Department of Chemistry and Internal Quality Assurance Cell of Annai Therasa Arts and Science College, Mangalam organised a seminar on “**Literature Review in Research**” on 10/02/2026. The resource person **Dr J Shanmugapriya, Associate Professor and Head, Department of B Com CA** delivered an insightful lecture on the concept, objectives, and significance of literature review. The session covered key aspects such as sources of literature, techniques for reviewing research articles, organizing review themes, identifying research gaps, and avoiding plagiarism.

The seminar was interactive, with participants actively engaging in discussions and clarifying their doubts during the question-and-answer session.

Outcome:

The seminar enabled the participants to gain a clear understanding of the concept and significance of literature review, improved their ability to identify relevant research sources, critically analyse previous studies, and organize reviews systematically, thereby enhancing their competence in identifying research gaps and strengthening the overall quality of their research work.
